# Room 172 Green Team

Check out our class website at: egdirdle.weebly.com

CONTACT INFO: 998-4915 EXT. 173 <u>leldridge@rsur6.org</u>

Congratulations to Ben Drake and David Crump for being picked as our first two Students of the Month!

#### CLASSROOM HAPPENINGS:

### Ecosystems and Biodiversity

We will begin our first science unit next week. We will focus on the following ideas:

- Being part of a group helps animals survive.
- All organisms have life cycles.
- Organisms adapt in order to survive.

# Salt Marsh Field Trip

Thank you to Jennifer Bartlett and Carrie Paradis for chaperoning our field trip to the Ferry Beach Ecology School. We appreciate your support!

OCTOBER 20, 2017

# 3rd Grade Learning

### Reading

In reading, we have begun our fairy tale unit. We began by looking at the elements of a fairy tale. Our read aloud is called, <u>The Land of Stories-</u> <u>The Wishing Spell.</u>

### Math

In Unit 2, students continue to work on number stories with multiple steps. They are also working on using mathematical representations (arrays, drawings, etc.) to problem solve.

## Writing/Spelling/Cursive

We began personal narratives last week. Students are learning how to focus on small moments and show versus tell in their writing.

Students are working on long o patterns in spelling this week. Next week, we will focus on long u patterns.

In cursive, we learned lowercase p, l, and f.

### Social Studies

Our class is wrapping up our geography unit. Students have completed their "Where in the World is Poland, Maine?" packet. In addition, they made a flip book with maps that details their place in space.
