### Personal Narrative Writing

Students are finding ideas for true stories by thinking of a person or place that matters to them, brainstorming small moments, and writing a story with a beginning, middle, and end.

We are also working on using a storyteller's voice to show, not tell in our personal narratives.

**Science Learning Target:**  
*I am learning that all organisms have life cycles.*

- I can explain the life cycle of an animal.
- I can explain the life cycle of a plant.
- I can compare and contrast the life cycle of an animal and the life cycle of a plant.

***Ask your child about the noisy Mystery Objects we observed in science?***
